

CRITERIA FOR SPECIALISATION CATEGORY BIKE-FRIENDLY

Storage room available	A large, lockable and proportionately adequate storage room for bikes/cycles is available in or near the building, equipped with lighting and a power socket.
Cleaning area available	A cleaning area is available near the building, with a water supply (hose) and various materials for bike/cycle upkeep (cleaning and drying cloths, sponge, brush, special lubricating oil for bikes, foot-operated pump).
Additional services/information	Documentation on bike/cycle tours in the surrounding area is available in the holiday home (maps, tour descriptions), and also on bike-guiding if this service is available in the destination (flyers, brochures, contacts). Laundry service for clothing and/or washing machine and drying facility (tumbler dryer, drying room, laundry drying racks, etc.) are available. A rental and repair service for bikes/cycles can be arranged (bike shop, vending machine for bicycle tubes).

- The rental unit meets the above criteria.
- The rental unit does not meet the above criteria.
